

THE STRUGGLE IN SOUTH AFRICA CONTINUES

Mfanelo Skwatsha

National Executive Secretary, Pan Africanist Congress of Azania

Greetings!

Uhuru Tours is proud to announce the historic Fall 2007 U.S. tour of **Mfanelo Skwatsha**, National Executive Secretary of the Pan Africanist Congress of Azania (PAC) based in South Africa.

In the 1970s and '80s the Pan Africanist Congress had solidarity committees and tremendous support throughout the U.S. Uhuru Tours is honored to organize the first U.S. speaking events for a member of the Pan Africanist Congress in more than 20 years!

Secretary Skwatsha is available to make presentations at workshops, seminars and events on campuses and in communities from October 22 through November 2.

Formed in Soweto, South Africa in 1959, the Pan Africanist Congress was the popular party that led the campaign to end the notorious pass laws that required African people to present official ID to police upon demand under the apartheid system. PAC led the struggle for genuine liberation of South Africa.

PAC continues to be a key force based in the African community throughout South Africa today. PAC is working for the realization of the unachieved vision of self-determination for African working people. PAC has exposed that today, 13 years after the end of the apartheid system, conditions for the majority of African people in South Africa are worse than ever.

Contact Uhuru Tours for more information on how to bring Secretary Skwatsha to your campus or community. Details on travel fees, honorariums and other details of Comrade Skwatsha's tour can be provided. Please call 727.894.6997 or email info@uhurutours.org.
